

THE SOUND OF FLAUNT

Did you know.....

Our estheticians use hard wax for hair removal services?

Using only the finest resins, natural ingredients and aromatherapy oils, our hard wax removes stubborn hair as short as 1mm (1/16"). Formulated to be very elastic and pliable, the wax grips and shrink-wraps short hair for easy, effective and long lasting results. The low temperature and gentle formulas provide nurturing and conditioning benefits for extra client comfort, leaving skin smooth and soft to the touch.

As home care, our skin care specialist Heidi recommends Tend Skin. After waxing, applying Tend Skin will keep redness and irritation at bay, and the chance of ingrown hairs from forming. Tend Skin is great for both men and women, on any part of the body where hair removal creates ingrown hairs or razor bumps.

March Waxing Special 20% off any waxing service all month!

Guests must bring coupon at the time of their appointment. Discount cannot be combined with any other offers.
